

LABMASTER LUCIA

LUCIA™ Platform for revolutionary Point-of-Care experience

Easy-to-Use

- ▶ intuitive user interface
- ▶ good user experience
- ▶ compact dimensions 25 cm x 20 cm x 16 cm

Fast assay time

- ▶ 5-15 minutes
- ▶ All-in-One principle

Truly quantitative

- ▶ wide measurement range
- ▶ AES256 encrypted measurement data with QC features
- ▶ applicable to many clinically significant antigens

Accurate and sensitive

- ▶ less background due to time resolved technology
- ▶ cathodic electrochemiluminescence technology

Applications

Medical IVD&POCT
Food Applications
Animal Application
Environmental Detection
Bio-Defense
Research Applications

BIOMETRO
DIAGNOSIS PLATFORM TECHNOLOGY
